Dear Sir,

We are hereby offering a spectrometer system. It will be a copy of the already ordered and shipped system and will consist of one crate and 8 spectrometer modules, as listed below. There will be 2 embedded controllers and two Ethernet interfaces

Spectrometer Crate

The spectrometer crate will accommodate 8 Spectrometer Modules and:
 Format: 19" format base, 4U height x 42 wide
 Data I/O: 2x 100 Mbit Ethernet
 Control: 2x 32-bit / 200 MIPS CPU / 64 Mbyte RAM / LINUX
 Power input: 110 / 220 V, 50/60 Hz autoswitch

FFT spectrometer module

Size: 100x160x20 mm
 IF inputs: 4
 Sampling rate: 2.2 GHz
 Bandwidth: 4x500 GHz
 # channels: 4 x 2048 k

Order and payments

The total cost is \$140 000 USD.
 Delivery time is 20 weeks after order
 50% will be invoiced at order and 50% after delivery. Due time is 30 days
